

Tips and Tools for back to school

Help the education community kick off the school year with your best advice for the classroom. Do you have an idea on how to get organized, methods to save time and money or inspire students? It can be anything that helps you save five minutes in your morning routines, or ways that you get you and your family ready for the new school year.

Share your tips and tools and you could win one of six pair of Apple AirPods®. In addition, if your tip or tool is selected as the Grand Prize Winner, the school of your choice will receive \$500. For official sweepstakes rules, visit esfcu.org.
